

LET'S TALK ABOUT GENDER BALANCE IN STEAM EDUCATION!

IF studies say boys and girls perform exactly the same in STEAM subjects, ...

THEN WHY are only 35% of all students enrolling in STEAM studies female?

(Eurostat, 2022)

IF gender equality in the workplace is guaranteed by EU treaties, ...

THEN WHY is there an average pay gap of 13% to the disadvantage of women?

(EC, Equal Pay? Factsheet 11/2022)

IF gender pay gaps disappear with men and women working the same hours or in the same position, ...

THEN WHY can only 70% of women work fulltime and why are only 35% of all management positions held by women?

(Eurostat, 2022/2023)

IF If skilled labour shortages in the STEAM sector jeopardise the EU's economy, ...

THEN WHY don't we care that gender bias, derogatory behaviour and sexual harassment are still the main reasons why many women pursue careers in other fields?

(EURES (2022): Report on labour shortages and surpluses)

IF we believe in raising future generations without gender prejudices and stereotypes, ...

THEN WHY do we still buy blue cars for boys and pink dolls for girls?

IF YOU THINK HIGHER EDUCATION SHOULD TACKLE THESE ISSUES – WE AGREE!
