Page 1

### Added value

For **Innoventum**: "Visual dictionary feature will help to focus on the quality of the content for prospective e-learning platforms and improve overall learning experience. Having quizzes and gamifying learning will make courses more useful and engaging".

"The whole organisation of **Decroly** has been enriched with the methodology developed by the SWIM project. Thanks to the piloting phase of the project all of our teachers had the opportunity to learn about this methodology and it succeeded to create interest in the learners"

For **Auxilium**: "The SWIM project has been a great opportunity to enrich our methodological repertoire. The Visual Dictionary will become a key tool for the preparation of our KA1 mobilities in the future and we already featured it as a best practice tool in a digital toolbox of another project."

**Storytellme**, **Jaitek** and **EKOS** highlight that the project's resources have made learning more engaging and that all the organisations' staff have been enriched by the project's methodology and digital best practices.

## Multiplier Events

The **Multiplier event** of the project in **Finland** was organized on August 29, 2022 in the city of Joensuu at the premises of a local NGO: The Joensuu Settlement Association.

The event began with an introduction to the SWIM-project and its outcomes. After that a significant portion of the event was dedicated to the function and benefits of the Visual Dictionary web-platform. Finally, a discussion was held on the different ways the Visual Dictionary -platform may be used as a learning and communication tool. It's role as an accessibility tool was also emphasized.

The **Multiplier event** in **Poland** took place on August 11, 2022 in Cracow in the Events Hall of the Hotel Forest in Cracow, hosted by Mrs Agnieszka Buk and Mrs Joanna Szary, and followed an annual meeting of foreign language teachers from Poland and Germany, who come together to exchange their teaching methods and to learn each other's languages.

The **Multiplier Event** in **Austria** was held on June 23, 2022 as part of a teacher-student-parents conference. Auxilium presented the SWIM project and the Visual Dictionary to the potential users and multipliers, who were highly interested in the platform.

The director of the school plans on utilising the Visual Dictionary in his EU-related school project in the upcoming school year.

The SWIM project proposes a modern and collaborative online visual dictionary platform, explore the resources available: <https://visualdictionary.eu>
